

1. In the first part of the paper, I discuss the status of the argument-structure of the Physics...

2. I then turn to the second part of the paper, where I discuss the status of the argument-structure...

3. In the third part of the paper, I discuss the status of the argument-structure of the Physics...

4. I then turn to the fourth part of the paper, where I discuss the status of the argument-structure...

5. In the fifth part of the paper, I discuss the status of the argument-structure of the Physics...

6. I then turn to the sixth part of the paper, where I discuss the status of the argument-structure...

7. In the seventh part of the paper, I discuss the status of the argument-structure of the Physics...

8. I then turn to the eighth part of the paper, where I discuss the status of the argument-structure...

9. In the ninth part of the paper, I discuss the status of the argument-structure of the Physics...

10. I then turn to the tenth part of the paper, where I discuss the status of the argument-structure...

11. In the eleventh part of the paper, I discuss the status of the argument-structure of the Physics...

12. I then turn to the twelfth part of the paper, where I discuss the status of the argument-structure...

1. In the first part of the paper, I discuss the status of the argument-structure of the Physics...

2. I then turn to the second part of the paper, where I discuss the status of the argument-structure...

3. In the third part of the paper, I discuss the status of the argument-structure of the Physics...

4. I then turn to the fourth part of the paper, where I discuss the status of the argument-structure...

5. In the fifth part of the paper, I discuss the status of the argument-structure of the Physics...

6. I then turn to the sixth part of the paper, where I discuss the status of the argument-structure...

7. In the seventh part of the paper, I discuss the status of the argument-structure of the Physics...

8. I then turn to the eighth part of the paper, where I discuss the status of the argument-structure...

9. In the ninth part of the paper, I discuss the status of the argument-structure of the Physics...

10. I then turn to the tenth part of the paper, where I discuss the status of the argument-structure...

11. In the eleventh part of the paper, I discuss the status of the argument-structure of the Physics...

12. I then turn to the twelfth part of the paper, where I discuss the status of the argument-structure...

1. In the first part of the paper, I discuss the status of the argument-structure of the Physics...

2. I then turn to the second part of the paper, where I discuss the status of the argument-structure...

3. In the third part of the paper, I discuss the status of the argument-structure of the Physics...

4. I then turn to the fourth part of the paper, where I discuss the status of the argument-structure...

5. In the fifth part of the paper, I discuss the status of the argument-structure of the Physics...

6. I then turn to the sixth part of the paper, where I discuss the status of the argument-structure...

7. In the seventh part of the paper, I discuss the status of the argument-structure of the Physics...

8. I then turn to the eighth part of the paper, where I discuss the status of the argument-structure...

9. In the ninth part of the paper, I discuss the status of the argument-structure of the Physics...

10. I then turn to the tenth part of the paper, where I discuss the status of the argument-structure...

11. In the eleventh part of the paper, I discuss the status of the argument-structure of the Physics...

12. I then turn to the twelfth part of the paper, where I discuss the status of the argument-structure...

1. In the first part of the paper, I discuss the status of the argument-structure of the Physics...

2. I then turn to the second part of the paper, where I discuss the status of the argument-structure...

3. In the third part of the paper, I discuss the status of the argument-structure of the Physics...

4. I then turn to the fourth part of the paper, where I discuss the status of the argument-structure...

5. In the fifth part of the paper, I discuss the status of the argument-structure of the Physics...

6. I then turn to the sixth part of the paper, where I discuss the status of the argument-structure...

7. In the seventh part of the paper, I discuss the status of the argument-structure of the Physics...

8. I then turn to the eighth part of the paper, where I discuss the status of the argument-structure...

9. In the ninth part of the paper, I discuss the status of the argument-structure of the Physics...

10. I then turn to the tenth part of the paper, where I discuss the status of the argument-structure...

11. In the eleventh part of the paper, I discuss the status of the argument-structure of the Physics...

12. I then turn to the twelfth part of the paper, where I discuss the status of the argument-structure...

1. In the first part of the paper, I discuss the status of the argument-structure of the Physics...

2. I then turn to the second part of the paper, where I discuss the status of the argument-structure...

3. In the third part of the paper, I discuss the status of the argument-structure of the Physics...

4. I then turn to the fourth part of the paper, where I discuss the status of the argument-structure...

5. In the fifth part of the paper, I discuss the status of the argument-structure of the Physics...

6. I then turn to the sixth part of the paper, where I discuss the status of the argument-structure...

7. In the seventh part of the paper, I discuss the status of the argument-structure of the Physics...

8. I then turn to the eighth part of the paper, where I discuss the status of the argument-structure...

9. In the ninth part of the paper, I discuss the status of the argument-structure of the Physics...

10. I then turn to the tenth part of the paper, where I discuss the status of the argument-structure...

11. In the eleventh part of the paper, I discuss the status of the argument-structure of the Physics...

12. I then turn to the twelfth part of the paper, where I discuss the status of the argument-structure...

1. In the first part of the paper, I discuss the status of the argument-structure of the Physics...

2. I then turn to the second part of the paper, where I discuss the status of the argument-structure...

3. In the third part of the paper, I discuss the status of the argument-structure of the Physics...

4. I then turn to the fourth part of the paper, where I discuss the status of the argument-structure...

5. In the fifth part of the paper, I discuss the status of the argument-structure of the Physics...

6. I then turn to the sixth part of the paper, where I discuss the status of the argument-structure...

7. In the seventh part of the paper, I discuss the status of the argument-structure of the Physics...

8. I then turn to the eighth part of the paper, where I discuss the status of the argument-structure...

9. In the ninth part of the paper, I discuss the status of the argument-structure of the Physics...

10. I then turn to the tenth part of the paper, where I discuss the status of the argument-structure...

June 9-10, 2012

Conference

Humboldt-Universität zu Berlin

The Argument-Structure of Aristotle's *Physics*

Stephen Menn (Berlin/Montreal) Henry Mendell (Los Angeles) Sebastian Odzuck (Göttingen)
Ioannis Papachristou (Berlin) Christian Pfeiffer (Munich) Jacob Rosen (Berlin) Barbara Sattler (Yale)

Saturday, June 9, 10:30-11:45
Stephen Menn: The status quaestio- nis on the argument-structure of the *Physics*, and comments on Book II and the first half of the *Physics* | **12:00-13:15**
Ioannis Papachristou: The Greek commentators on argu- ment-structure in *Physics* I-IV | **15:00-16:15**
Christian Pfeiffer: *Physics* II-IV and the study of bodies and magnitudes | **16:30-17:45**
Barbara Sattler: Continuity in *Physics* VI | **18:15-19:30**
Henry Mendell: Mathe- matical procedure in *Physics* VII

Sunday, June 10, 10:30-11:45
Stephen Menn: Problems in the argument-structure of *Physics* V- VI-VIII | **12:00-13:15** | **Jacob Rosen:** *Physics* VIII, 8 and tensions with *Physics* V-VI | **15:00-16:15**
Sebastian Odzuck: The priority of locomotion in *Physics* VIII | **16:30-17:30**
Roundtable: 5th-6th century Platonists on the argument-structure of *Physics* V-VIII | **18:15-19:15**
Roundtable: Was there supposed to be a *Peri Kinêseôs* and how was it supposed to work?

Venue Humboldt-Universität zu Berlin
Topoi-Haus Mitte, Seminar room I.03
Hannoversche Straße 6, 10115 Berlin

Organization: Prof. Dr. Dr. Stephen Menn
Department of Philosophy, Humboldt-Universität zu Berlin
Information & enrollment: physics@ancient-philosophy.de

Deutscher Akademischer Austausch Dienst
German Academic Exchange Service
